MIL/DEFENCE

We develop your potentials by managing relationships

3D Plus manufactures memories (μ SSD, DDR, SDRAM, SRAM, FLASH) in com., ind. & mil. Temp. Ranges, non-RoHs/RoHs for reliability, extrem performance & very small form factors for military applications.

active components

SENSITRON SEMICONDUCTOR

Sensitron produces reliable, discrete diodes and integrated power electronics such as TVS—Modules (MIL-Std-1275), SSPCs (solid state power controllers) and motor controllers for military markets.

www.sensitron.com

SMC manufactures semiconductor devices such as schottky rectifiers, TVS, TVS arrays & modules, standard, ultrafast & fast recovery rectifiers, small signal switching diodes, Zener diodes for use in military applications.

Weiking 伟京

Weiking is a professional manufacturer of high-rel DC/DC converters and special thick-film hybrid ICs used in military, aerospace, vessel, high-speed rail as well as other high reliability markets.

www.weiking.com

API Delevan

Api Delevan is a manufacturer of SMD & thru-hole inductors, chokes & transformers for military applications with requirements for quality and reliability.

www.delevan.com

passive components

EXXELIA TECHNOLOGIES

Eurofarad is a manufacturer of reliable high-tech products such as ceramic, foil and mica capacitors, signal and power filters, potentiometers and slip rings for military.

www.exxelia.com

EXXELIA TANTALUM

Firadec manufactures tantalum capacitors in a solid & wet technology and supplies professional sectors such as military markets.

www.exxelia.com

Martek Power develops & manufactures standard, modified standard and custom power supplies and DC/DC converters. Martek Power supplies products for military technology.

www.martekpower.com

EXXELIA MICROSPIRE

Microspire has more than 25 years of experience and keeps being a leading company in the wound magnetics world. They serve military/defence markets.

www.exxelia.com

Renco Electronics

Renco Electronics manufactures through hole and SMD power coils for defence applications.

www.rencousa.com

OMNETICS CONNECTOR CORPORATION

Omnetics is a manufacturer of connectors & smallest connector/cable solutions. These are offered as COTS, standard & custom connectors for industries such as military/defence.

www.omnetics.com

interconnect components

Pave Technology is a manufacturer of hermetically sealed electrical & optical fiber connectors and cable seals for military applications.

www.pavetechnology.com

MSA Components is a manufacturers representative for major and leading edge electronic component manufacturers. Our strategic line card offers sales support and engineering design capability for the original equipment manufacturers, contract manufacturing companies and the engineering services community. Our strategy is to build long term relationships.
