We develop your potentials by managing relationships

3D Plus manufactures memories (µSSD, DDR, SDRAM, SRAM, FLASH) in com., ind. & mil. Temp. Ranges, non-RoHs/RoHs for reliability, extrem performance & very small form factors for avionics applications.

www.3d-plus.com

active components

SENSITRON SEMICONDUCTOR

Sensitron produce reliable, discrete diodes & integrated power electronics such as power modules, lightning strike protection module (TVS) and motor controllers for avionics & aerospace markets.

www.sensitron.com

Weiking 伟京

Weiking is a professional manufacturer of high-rel DC/DC converters and special thick-film hybrid ICs used in military, aerospace, vessel, high-speed rail as well as other high reliability markets.

www.weiking.com

API Delevan

Api Delevan manufactures SMD & thru-hole inductors, chokes & transformers for aerospace applications with requirements for quality and reliability.

www.delevan.com

passive components

EXXELIA

Exxelia SAS is a manufacturer of reliable high-tech products such as ceramic-, foil- and mica capacitors, signal and power filters, potentiometers and slip rings for avionic equipments.

www.exxelia.com

EXXELIA

Exxelia SAS manufactures tantalum capacitors in a solid & wet technology for avionics markets.

www.exxelia.com

Martek Power develops & manufactures standard, modified AC/DC and custom power supplies and DC/DC converters. Martek Power supplies products for avionics equipments.

www.martekpower.com

EXXELIA

Exxelia SAS has more than 25 years of experience and keeps being a leading company in the wound magnetics world. They serve avionics systems.

www.exxelia.com

Renco Electronics

Renco Electronics manufactures through hole and SMD power magnetics for avionics systems.

www.rencousa.com

OMNETICS CONNECTOR CORPORATION

Omnetics is a manufacturer of connectors & smallest connector/cable solutions. These are offered as COTS, standard & custom connectors for avionic markets.

www.omnetics.com

interconnect components

IEH

IEH Corporation is leading design-in manufacturer of high performance pre-wired and PCB Connectors based on the „hyperboloid“ contact system, that meet and exceed military and aerospace standards

www.iehcorp.com

MSA Components is a manufacturers representative for major and leading edge electronic component manufacturers. Our strategic line card offers sales support and engineering design capability for the original equipment manufacturers, contract manufacturing companies and the engineering services community. Our strategy is to build long term relationships.
