# INDUSTRIAL

## We develop your potentials by managing relationships

3D Plus manufactures stacked memory components, CCD sensor heads & custom 3D modules with extremely high packing density and reliability requirements for the aerospace, medical and industrial technology.

[www.3d-plus.com](http://www.3d-plus.com)

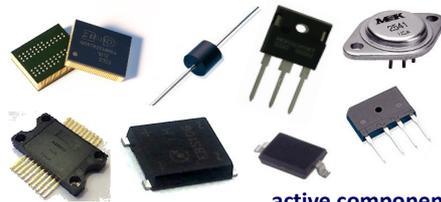

Eris is an ODM (original design manufacturer) providing a variety of support services to design, manufacturing, and after-marketing services for diodes.

[www.eris.com.tw](http://www.eris.com.tw)

RUICHIPS is an IC design house in Shenzhen (China) that is dedicated in power Mosfet devices design, providing clients with customized system design-in services and supports.

[www.ruichips.com](http://www.ruichips.com)

active components

SMC manufactures semiconductor devices such as schottky rectifiers, TVS, TVS arrays & modules, standard, ultrafast & fast recovery rectifiers, small signal switching diodes, Zener diodes for use in various applications.

[www.smc-diodes.com](http://www.smc-diodes.com)

Api Delevan is a manufacturer of SMD & thru-hole inductors, chokes & transformers for aerospace, military, medical and railway applications with requirements for quality and reliability.

[www.delevan.com](http://www.delevan.com)

passive components

Coilmaster is specialized in manufacturing SMD Power Inductors, Common Mode Chokes, Chip Inductors, LAN Magnetics, EMI Filters for industrial applications.

[www.coilmaster.com.tw](http://www.coilmaster.com.tw)

Fullbrain produces surface mount components, multi-layer chip beads, multilayer chip inductors and wound chip inductors for consumer electronics.

Infinite Horizon manufactures SMD power inductors & transformers, multilayer chip beads & inductors, chip & EMI suppressors, line filters, current sense transformers and SMD inductors for consumer electronics.

[www.ihe.com.tw](http://www.ihe.com.tw)

Kemet manufactures EMI—RFI filters such as PCB mount, IEC inlet, chassis mount, power feed through filters & custom filter solutions for high end industrial applications (formerly manufactured by Arcotronics UK).

[www.kemet.com](http://www.kemet.com)

interconnect components

### Renco Electronics

Renco Electronics manufactures through hole and SMD power coils for industrial, solar, railway, medical and automotive applications.

[www.rencousa.com](http://www.rencousa.com)

Northern produces connectors (D-Sub, SCSI BNC, V35 etc.), D-Sub connector housing caps, shielded RF45 connectors, Ethernet connector housings and gender changer connector housings for industrial markets.

[www.northerntech.com](http://www.northerntech.com)

Omnetics is a manufacturer of connectors & smallest connector/cable solutions. These are offered as COTS, standard & custom connectors for industries such as military, aerospace, space, defence & medical.

[www.omnetics.com](http://www.omnetics.com)

Pave Technology is a manufacturer of hermetically sealed electrical & optical fiber connectors and cable seals for aerospace, military, medical and industrial applications.

[www.pavetechnology.com](http://www.pavetechnology.com)

MSA Components is a manufacturers representative for major and leading edge electronic component manufacturers. Our strategic line card offers sales support and engineering design capability for the original equipment manufacturers, contract manufacturing companies and the engineering services community. Our strategy is to build long term relationships.
